Official Accreditation In Belbin:

Whilst Accreditation is not mandatory to use Belbin, it is highly recommended.

The two day official Belbin Accreditation Course includes in-depth instruction in all aspects of the model and its uses, globally recognised certification, access to special resources and the right to use the Belbin “Accredited User” logo.

Aud \$2000

(public course see our website for details and locations).

Private/Inhouse accreditation available **POA**

A Belbin “How To” Session:

These are half to one-day sessions that are tailored to bring new and existing Belbin users “up to speed” on how to understand the Model, interpret the profiles and reports and make practical use of the Model ongoing.

This is a great option if you have people needing to get familiar with (or re-acquainted with) Belbin but not needing to be fully Accredited.

POA as these are costed individually to suit your needs.
